

SEGUN AJIBOYE

Salt Lake City, UT 84101 • 5716195878 • saifajiboye@gmail.com

Professional Summary

Software Engineer with over 2 years of experience in designing, developing, and maintaining scalable web applications. Skilled in Java Spring Boot, Angular and React, with hands-on experience in database(Sql, Oracle DB, Snowflake), AWS services and distributed systems. Adept at writing optimized queries, building responsive user interfaces, and collaborating with cross-functional teams. Strong problem-solving skills, and a proven track record of delivering high-quality solutions in fast-paced environments.

Skills

- Frontend: Angular, React
- Backend: Spring Boot, Node.js, Express.js
- Aws Services: RDS, S3, EC2, Lambda, SQS, SNS
- Databases: SQL, MongoDB, OracleDB
- Programming: Java, Python, TypeScript, JavaScript

Work History

Full Stack Software Engineer, 08/2023 to Current

Fidelity Investments – Salt Lake City, UT

- Develop and maintain scalable web applications using Angular for frontend and Java Spring Boot for APIs.
- Write efficient and optimized SQL queries in OracleDB and DB2, reducing query execution time and improving database performance.
- Optimize application performance and security by identifying and resolving critical issues flagged by SonarCloud, reducing code complexity and improving maintainability.
- Contributed to the Implementation and monitored a robust pipeline for efficient message processing through batch operations using AWS SQS, Lambda Functions, Splunk and CloudWatch, reducing failures and improving throughput.
- Wrote Python Script to reconcile data differences there by reducing manual efforts.
- Build and deploy applications using Jenkins, Docker, and AWS cloud services, ensuring high availability and seamless CI/CD integration.

Associate Software Engineer, 12/2022 to 08/2023

McKesson – Atlanta

- Write code fixes and enhancements for inclusion in future code releases and patches.
- Collaborated with Business units and made UI changes using React Libraries.
- Involved in Database design and Implementation for web Application using Oracle Sql and Snowflake.

Technical Support , 08/2022 to 12/2022

Capgemini

- Provided high-quality technical support, resolving user issues in a timely manner.
- Provided technical support for clients experiencing issues with their websites.

IT Field Technician, 02/2018 to 07/2022

IT Concepts and Solutions

- Delivered preventative maintenance services for computer systems to minimize disruptions caused by malfunctions or outdated equipment.
- Provided IT support and troubleshooting services for businesses outsourcing technical tasks.
- Performed software installations, system upgrades, and network troubleshooting
- Conducted PC refresh projects, including data migration, backup and system configuration.
- Ensured timely completion of tasks while maintaining high client satisfaction

Education

Full Stack Engineering, 08/2022

Nucamp - Atlanta

Master of Science: Information Technology, 03/2019

Iglobal University - Vienna, VA
